## **MONOC Donates To Local Toys for Tots Program**

Staff from MONOC Mobile Health Services generously contributed to the 2008 Toys for Tots program to help less fortunate children's holiday a little bit brighter. Working with the Marine Toys for Tots Foundation, MONOC staff donated new, unwrapped toys to be given out to children of all ages. All toys were dropped off at the US Marine Unit in Red Bank, New Jersey.

Last year the Toys for Tots program collected and distributed more than 16.7 million toys.
